STATE THEATRE TRANSPORTATION GRANT REQUEST YOUTH EDUCATION PROGRAM

The State Theatre helps to offset the cost of transporting students by bus to our Youth Education Program by awarding transportation grants. During the 2018/2019 school year, The State awarded \$6,500 in grant funds to nearly 40 schools throughout the region. The goal is to make these no-cost educational programs available to all children, in grades K through 6, who fall under the auspices of the Stanislaus County Office of Education (SCOE), our partners in these presentations.

To allow us to make these funds available to as many schools and children as possible, grants for transportation to and from Youth Education Programs will not exceed \$150 per round trip. A representative from The State Theatre will contact you to report on the status of your grant. We appreciate your support of our educational programs, and endeavor to make our programs available to all of the schools and children in our community who wish to attend. To this end, we do not charge for performances and presentations, and will assist, as funds allow, in underwriting transportation to and from our historic theater.

Please make sure that your class is registered through SCOE before you apply for a transportation grant.

(Please note that grants are awarded solely at the discretion of The State Theatre)

Date: _____

School Name and District: _____

School Contact: _____ Title: _____

School Address: _____ Phone: _____

City: _____ State: _____ ZIP: _____

Contact Email: _____

Youth Ed Program you wish to attend: _____ Program date: _____
