WHO WE ARE

The Frida Cinema is dedicated to enriching, connecting, and educating communities through the art of cinema.

With more than 120,000 people attending film and community arts programs annually, The Frida is a must-attend Southern California cultural destination. More than a movie theater, our programming is expertly curated and exceptionally eclectic to authentically engage with our diverse audiences.

OUR HISTORY

The Frida Cinema opened in February 2014 and is Orange County's only nonprofit art house cinema. Founded with a passion to serve as **a home for diverse and thoughtfully curated cinema**, The Frida is a permanent gathering space for film lovers and a creative hub for the region's vibrant community of artists, educators, and residents.

Over more than a decade, **The Frida has grown into a cornerstone of Orange County's cultural landscape** through curating and hosting on-site and pop-up film screenings, film festivals, monthly community arts festivals, art exhibits, and educational programming for audiences of all ages. With its diverse, accessible, and entertaining arts experiences, The Frida sets the bar high for exceptional arts and community engagement in Orange County.
