Arcade / Action / Racing Arcade Resident Evil 4 - This game used to be represented on PC and various consoles, now on Android! The main plot of the game - to save the president's daughter. You arrive at the village where you are and start looking for LUT. But you find something strange, everyone has become a zombie ... You have to destroy them all, but there is one catch - if you have them in living hands, there is no left. But not all zombies are simple, expect a lot of unusual things about them.. Next to the battle! Further information is happening in the future of the story of the game until Android2.1, a failed biological experiment has brought the plague virus infection that swept the world. Most of the people and creatures are infected with zombies and monsters, and a few survivors are unstable. And you want to be the same as a regular survivor, eventually become zombie food, as a once-trained super warrior, or choose a weapon in your hand and defend human dignity! Looking for epic action in your next shooting game title? Do you expect the game to be interesting and participating at the same time? Then Resident Evil 4 will definitely impress you with a lot of its interesting features and gameplay. With the original console game now available on mobile devices, Android gamers can jump into the ultimate action shooter. In Resident Evil 4, gamers can find themselves enjoying the following adventures after a successful instalment of the series. Have fun playing with epic shooting game challenges while exploring exciting mysteries throughout the series. Engage in thrilling and exhilarating gameplay with tons of immersive action and awesome mechanics. You can read more about this exciting mobile game from CAPCOM with a full review. Following an incident that took place in an earlier episode of the story, the gamer will now join Leon S. Kennedy, one of the few survivors from the incident in Raccoon City, on his new adventure. Here, before the gameplay of Resident Evil 4, Leon was recruited and trained by a government agency to turn him into a competent agent for special security teams. Leon is being deported to Spain recently as part of an important rescue operation in the mission's by-election, and the main target is Ashley Graham, the president's daughter. She was recently kidnapped by an unknown cult in an attempt to take control of the president. But as it turned out, the sect was secretly controlling the minds of its followers with a parasite called Las Plaaace. And this was just the beginning of the story, and a ton of terrible truths you can discover. It's also an exciting series of events with Ada Wong, a mysterious mercenary in her orbit of the cult. Here, you can enjoy two characters and separate gameplay and take on many co-op missions together. Please have fun with the ultimate gameplay of mobile shooting game as you progress and unlock the ultimate blockbuster and awesome experience on the old PlayStation 2.Here are all the amazing features the game has to offer: Android gamers from Resident Evil 4 will find themselves diving into the exciting gameplay of third person shooter games with tons of epic action. Feel free to enjoy the first title in the series with the fixed camera removed. Fast-paced shootouts, convenient touch controls, and immersive shootout challenges are now free to take on more exciting shooting experiences. In addition, with added enemies in both numbers and abilities, resident Evil 4's exciting gameplay will hook you up with a lot of truly exciting challenges. In addition, with Resident Evil 4, Android gamers can save simply and easily throughout their adventure. With the freedom to remove ink ribbons that can only be saved at certain points, Resident Evil 4 comes with an accessible storage option that you can quickly access by opening the Settings panel. Choose to save as many times as you want and reload as many times as you want. The Quick Checkpoint feature will make your game more satisfying because you don't have to go over and over again to play a specific scene that failed. In addition, to help Android gamers better talk and engage themselves in in-game development, Resident Evil 4 features tons of fast-time events (QTE) that will engage you in gameplay. And at the same time, greatly improved graphics entry and beautiful cutscenes will make the game even more special. Here, you will truly find yourself engaged in many stories of engaging progress. Many QTE's are available in seconds of decisions and executions that must be perfect before being hammered by an enemy. This allows you to stay hooked on the game and enjoy the action as much as possible. Another thing that separates the game from other titles in the series is the attractive escort dynamics, which require players to keep Ashley by their side. Here, you can truly participate in rescue missions through many interactions with Ashley through experience. You can order her to wait, follow, and hide, which will make you feel like you are actually guarding the hostages. Don't kill her enemies, because this means you have to restart the game from your previous saves. You can also try to kill her with something that gamers prefer. This doesn't result in any changes in the game and you can proceed after a while, it's a great way to relax and eliminate stress after every challenging rescue mission. Also, sometimes, you may find your helpless Ashley very useful, because she can potentially reach places or engage in other gaming elements that can't be made alone. With Resident Evil 4, Android gamers will also find themselves enjoying a new inventory with grid settings resembling Tetris' exciting gameplay. So you'll find different ways to equip items and weapons inside your inventory, and most importantly, flip items upside down in either direction to fit your entire inventory. Always attempt to upgrade to inventory to increase the total space that can be more than three times the original. To upgrade items, weapons, and Resident Evil 4, Android gamers need the help of a merchant who is responsible for making multiple purchases in the game. You will find him in various areas of the game as the man will automatically be created in a specific designated location throughout your adventure. And the more you advance into the game and reveal the better part of the story, the more items, upgrades inside the merchant's store will offer more advanced options, and of course, they will cost you more money to buy. Feel free to unlock a huge collection of different weapons with the help of traders. And even what you're looking for along the way needs to upgrade the merchant. Explore shooting game play and other approaches and experiences while enjoying tons of powerful weapons. 4. Unlock unique gameplay whenever you're at Resident Evil 4.And if you're looking for the game to be too difficult or too easy, it's completely possible to make a full change of gameplay thanks to the difficulty level available to Android gamers. Here you can choose from four difficulty modes, consisting of amateur, easy, normal, and Professional.In different modes, and you'll find that the game is much different because Leon has to overcome more challenges in pro mode. And at the same time, more powerful weapons and items are introduced to guide you through better challenges. And most importantly, the various power levels from your monster enemies will make the game extra enjoyable. With major gameplay to enjoy tons of bonuses and unlocked content, Resident Evil 4 also introduces you to a lot of exciting unlocks to choose from in the game, even after you've finished it. Here, the game introduces a collection of new game modes for you to enjoy, as well as several bonus items and costumes for both Ada and Leon. Bear diving.
