ROB'S REACTION

How Precious Is The Book Divine.....

In my college days, one of my Bible classes required us to take about 6 months and do an investigative study of a different religion. I chose the Mormon religion. I read and studied the Book of Mormon and other books and writings that profess a belief in that system and in Joseph Smith, the leader of that movement.

The Book of Mormon is believed to be a continuation of the New Testament. From what I have read, most followers think the Book of Mormon is the word of God, just like the Bible. But if that were so, why have there been so many corrections since its inception? Why are there so many contradictions from what you read in the Bible?

The Bible teaches we are complete in Christ (Colossians 2:10) and we have "all things that pertain to life and godliness, through the knowledge of Him who called us..." (2 Peter 1:3). The Bible provides all we need for us to be complete in Christ (2 Timothy 3:16-17). Why would we want anything else since the Bible makes us complete and we have all things that pertain to life and godliness? The Bible was given by the inspiration of God (2 Timothy 3:16) and able to make us "wise for salvation through faith which is in Christ Jesus." (2 Timothy 3:15). The song title says it all – "How Precious Is The Book Divine."

We do not have another book with the words of Jesus. We simply have an addition to the New Testament of Jesus Christ. Mormonism is just one example of a religion that denies the inspiration of the Bible. Galatians 1:6-9; Revelation 22:18-19.
