Installing the Bible App

On your home App Store.

Once the App Store is open search for 'Bible' in the Search box.
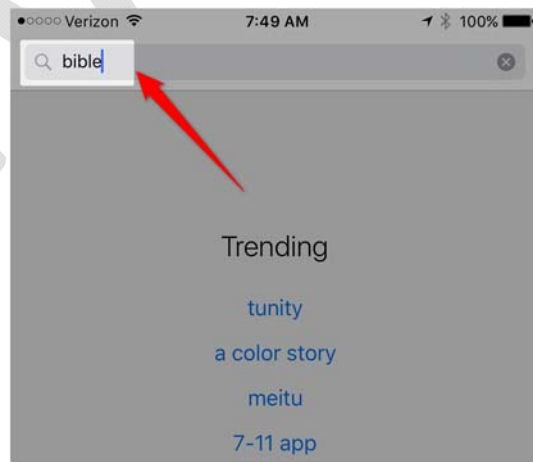

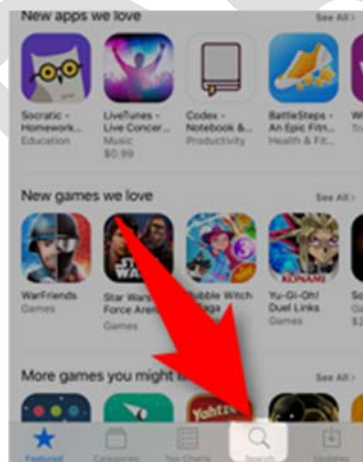

Select the Bible App by published by Life.Church from the list of search results and click on Install.

Once the Bible App is installed, click Open or locate the app on your home screen or in the app drawer.

Setting up the Bible App for the First Time

When the Bible App opens for the first time, you will be prompted to create an account.

- *This account helps you keep your Bible reading in sync across multiple devices or when accessing Bible.com in a web browser on your computer.*
- *An account is not required to access the reading plan, but your progress may be lost if you have to reset your device and your progress is not saved with an account.*
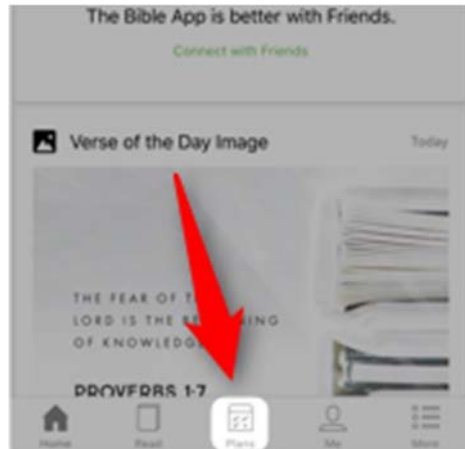

You can setup your account by Clicking the "Continue with Facebook" to login with your Facebook account or click sign up to create an account.

Click the X in the upper right to proceed without creating an account.

Search for the 2017 Reading Plans

Click on the "Plans" icon at the bottom of the screen in the Bible App.

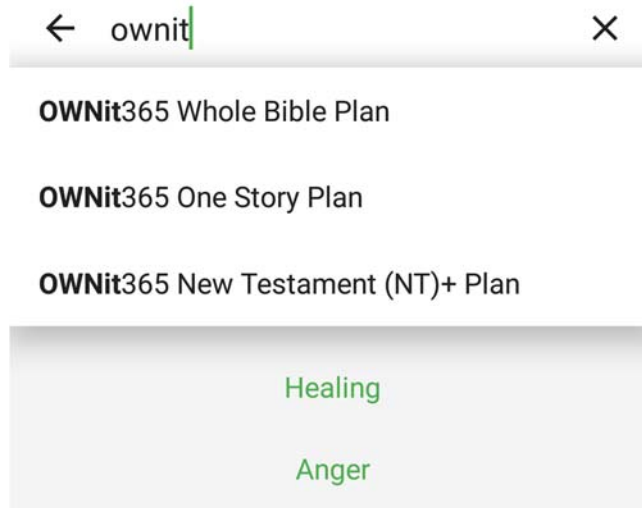

Once the Plans screen Loads look for the Search Icon at the top of the screen.
If you do not see the search icon immediately click "My Plans" and then click "Discover" and the screen will load with a search icon.
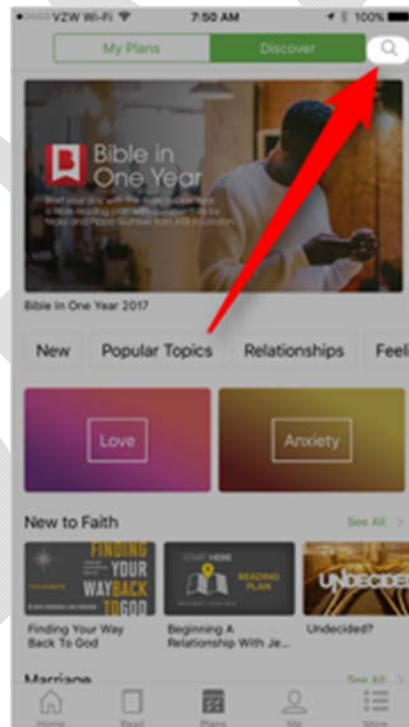

Search for the Bible Reading Plans by entering 'Ownit' in the search box.
Select the plan you would like to view.

You can view a sample of the plan, save it for later or begin the plan by Clicking "Start Plan"
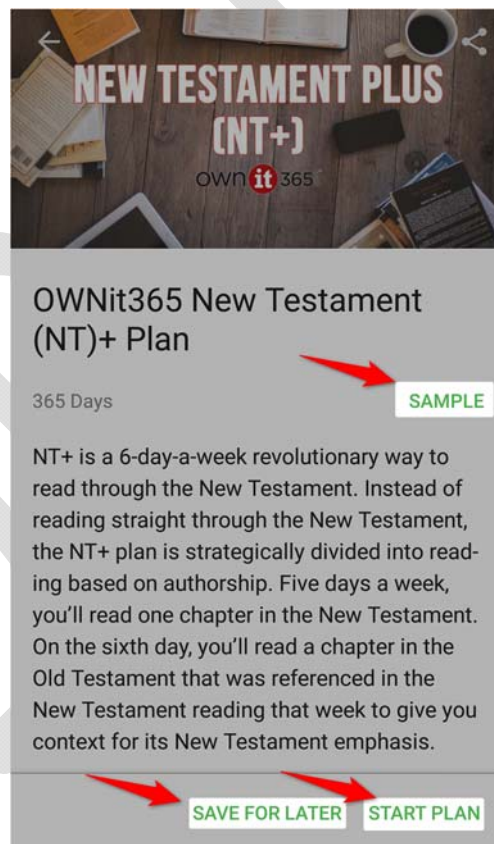

Thanks for participating in the 2017 Bible Reading Challenge we will be praying for your journey thru the Bible!
