## On Campus Group Study

*Starts February 7*

On Campus Groups at Northwoods are a great way for you to plug into community and grow in your spiritual journey. You will meet new people and make new friends as you go through a study together.

We will be studying the book of Daniel. You will learn about God's sovereignty over the nations, over our lives, and over the future. If you want your faith to be strengthened, if you want insight into the future, if you want to know how to live in a society opposed to all you believe, yet see God work in and through you, then this study is for you.

Join us for live teaching and small group discussions.
