

# REFUGE

Words & Music by Jamin Steel, Graham Bronczyk & Brian Carmona  
Lead Vocals: Graham Bronczyk

Verse 1:

**I was nothing without You  
But a long lost soul  
In my struggle through the dark  
On a long hard road  
But You have reached across the galaxies  
Your love came close  
Took Your place among the least of these  
And I'll never walk alone**

Pre Chorus:

**In the refuge of Your redemption  
I fall back on Your great love  
In this moment of my surrender  
Jesus You can take my life and make it Yours**

Verse 2:

**You breathed upon the dust of earth  
And this life took shape  
Who could fathom what You're worth  
Or this love so great  
For You were stretched upon a sinner's cross  
And now I know  
There is nothing that could separate  
And I'll never walk alone**

Chorus:

**So great is the love the Father has shown us  
How vast how wide is this love that has saved us  
How could I not give all I am to You  
It's all for You**

Bridge:

**His name lift high and His light now shine  
All I am to bring You praise  
I lift my eyes and my soul now cries  
Jesus Lord of all you reign**

**His name lift high and His light now shine  
All I am to bring You praise  
I lift my eyes and my soul now cries  
Jesus Lord of all everything I am is Yours**
