NPSP: Finding Your Package Versions

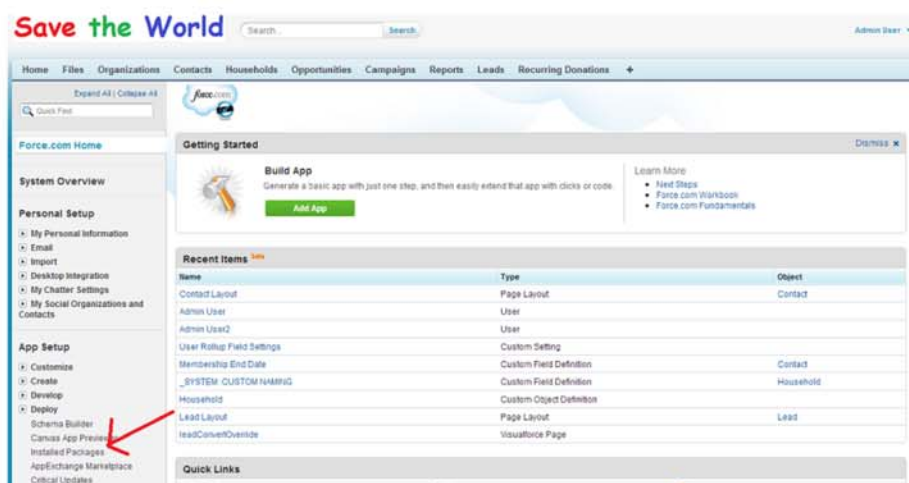

The Nonprofit Starter Pack consists of six managed packages that are installed in your org. This article will show you where to find information about those packages, such as the version number.

Navigate to the Setup Menu

Click on your name, and then 'Setup' in the upper right-hand corner.

Navigate to Installed Packages

Click on the 'Installed Packages' link on the right-hand side

View Installed Packages

Installed Packages

On Force.com AppExchange you can browse, test drive, download, and install pre-built apps and components right into your salesforce.com environment. [Learn More about Installing Packages](#)

Apps and components are installed in packages. Any custom apps, tabs, and custom objects are initially marked as "In Development" and are not deployed to your users. This allows you to test and customize before deploying. You can deploy the components individually using the other features in setup or as a group by clicking Deploy.

Depending on the links next to an installed package, you can take different actions from this page.

To remove a package, click Uninstall. To manage your package licenses, click Manage Licenses.

Action	Package Name	Publisher	Version Number	Namespace Prefix	Status	Allowed Licenses	Used Licenses	Expiration Date	Install Date
Uninstall	Batch Data Entry	Salesforce.com Foundation	1.0	bde	Free	N/A	N/A	N/A	11/3/2011 3:00 PM
Description: Batch Data Entry for Salesforce.com - Salesforce.com Foundation & volunteers									
Uninstall	Relationships	Salesforce.com Foundation	2.0.1	npe4	Active	Unlimited	0	Does not Expire	12/13/2010 10:10 AM
Description: Allows for Contact-to-Contact connections, automatic creation of Relationships between Contacts, and a visualization tool for a Contact's Relationship...									
Uninstall	Recurring Donations	Salesforce.com Foundation	2.0.12	npe03	Active	Unlimited	0	Does not Expire	12/13/2010 10:10 AM
Uninstall	Affiliations	Salesforce.com Foundation	1.55	npe5	Active	Unlimited	0	Does not Expire	12/13/2010 10:10 AM
Uninstall	Contacts & Organizations	salesforce.com Foundation	2.1.4	npe01	Active	Unlimited	0	Does not Expire	12/13/2010 10:10 AM
Uninstall	Households	Salesforce.com Foundation	2.4.6	npe02	Active	Unlimited	0	Does not Expire	12/13/2010 10:10 AM

Each package installed has its own row in the table. The version number can be found in the 4th column of the row. The six Nonprofit Starterpack Packages are:

Package Name	Namespace Abbreviation
Batch Data Entry	bde
Contacts & Organizations	npe01
Households	npe02
Recurring Donations	npe03
Relationships	npe4
Affiliations	npe5

The namespace abbreviation can be found pre-pending many components in your database, and can be useful in determining which package the components in your database (such as fields, workflow rules, etc.) belong to.
