

Lipscomb University and NSCC
Approved Courses within Majors for Transfer Credit

In addition to an articulation agreement related to general education requirements with TBR schools, the following departments and colleges have identified the listed courses within their major requirements that have been approved for transfer from Nashville State Community College, a TBR school. We will continue to review courses required for secondary education majors to identify additional courses for transfer approval. Approval of transfer credit for these courses with the majors will make a Lipscomb degree more attractive to TBR community college transfer students.

Business
(approved for transfer)

- ACCT 1104 for AC 2503
- ACCT 1105 for AC 2513
