The purpose of this activity is to enable the learner to be more informed and engaged in policymaking. There is no conflict of interest for anyone with the ability to control content of this activity. 100% of participants requesting contact hours will identify one nursing topic in which they can advocate for to their state representative.

This nursing continuing professional development activity was approved by the Ohio Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation (OBN-001-91).
