## The ENLS Course Is the ACLS of the Brain!

During the course you will review the early critical management of 14 key neurologic emergencies, discuss protocols and the important steps to take in the first hour of a neurological emergency. ENLS demonstrates a collaborative, multi-disciplinary approach and provides a consistent set of protocols, practical checklists, decision points, and suggested communication to use during critical patient management.

- Appropriate for Healthcare professionals providing evidence based care to patients with Neurological emergencies.
- Achieve ENLS certification after completing online content review.
- Approved for **15 continuing education credits** for physicians, nurses, and other professionals upon completion of online quizzes.

### Program Details

The ENLS course is being offered LIVE through Hackensack Meridian *Health* and conducted by Neuro-critical experts in the field. There is an online component of the course to be completed for certification or the course can be taken strictly on-line for independent study. Registration is required for both.

### Course Faculty

*George A. Lopez, M.D., Ph.D.*, Associate Professor, Neurology, Co-Director of the Neuroscience Intensive Care Unit, Rush University

*Sarah L. Livesay, DNP, RN, ACNP*, Associate Professor, College of Nursing, Rush University

*Susan Yeager, MSN, RN, ACNP*, Lead Nurse Practitioner, Neurocritical Care, The Ohio State University
