Course Description

This event will discuss a variety of timely, practical issues that are encountered in the emergency department on a daily basis. Lectures will be engaging, sometimes controversial, and present the audience with examples of both successes and failures in emergency medicine. Changes don't always equal advances and advancement doesn't always mean change. At the end of this program, participants should be able to distinguish between advancement and change in the emergency department in a relaxed, family-oriented environment where learning does equal fun!

This program has been designed to include all emergency medicine professionals including physicians, physician assistants, nurse practitioners, emergency department nurses, pharmacists, trauma nurses, residents, and emergency medicine technicians.

Educational Objectives

Upon completion of this program, attendees should be able to:

- Learn new concepts in emergency management of diverse pediatric patient
- Be aware of concepts in identifying and treating patients presenting with
- Learn how the use of bedside ultrasound to enhance clinical patient care.
- Be more adept at management of common infectious disease presentations.
- Review the most current management of patients presenting with atrial fibrillation and GI bleeds.
- Learn new concepts in EM pharmacology including the pharmacological management of anaphylaxis and alcohol withdrawal.
- Have a better awareness of ethical patient care and personal stress management in EM practice.

Everything EM Workshop Information The Post Conference Workshop will be held at The Larner College of Medicine Sim Lab in Burlington, Vermont

The workshop takes place Thursday, Feburary 1 at the Simulation Lab on the UVM Campus. This will be a full day workshop with options to get education and hands on experience in different aspects of EM practice. Attendees will be able to tailor their workshop experience towards their specific interests from the following topics offered:

At the conclusion of the workshop, participants will have the skills to:

- Ultrasound guided procedures including nerve blocks
- Hands-on point of care ultrasound practice
- Pediatric procedures
- Pigtail chest tubes Airway management
- Critical Sim scenarios

Optional Workshops High-Stakes Behavior Management: De-escalating Difficulty Situations and Acute Neurological Assessment

We all face difficult situations with patients and/or their families. This workshop is a collaboration between the UVMMC Department of Surgery and the University of Vergont Clinical Simulation Laboratory. This workshop will be held on Monday, January

We also have an Acute Neurological Assessment workshop that will be held on Tuesday, January 30, from 3:00-4:00pm. Both workshops are limited to the first 20 registrants.

Registration and Cancellation

Tuition: \$600 Physicians; \$400 Nurses or Nurse Practitioners, \$425.00 Other Health Care Professionals; \$325 for Residents. Fee includes continental breakfast each morning, afternoon refreshments, and the welcome reception.

Workshop: \$550 for the full-day Workshop (if attending the full conference), or \$650 if only attending the Workshop. Please note that there is limited space, please register

Refunds: Refunds, minus an administrative fee of \$75, will be made only if notice of cancellation is received, in writing, by January 10, 2018. No refunds are possible after that date.

Conference Number 18-801-04

Thursday, February 1 - Everything EM Workshop

This workshop will take place at the UVM Simulation Laboratory in Burlington Vermont.

Continental Breakfast and Registration - Workshop begins at 8:00am.

12:00-1:00pm Lunch 1:00-3:00pm Workshop 4:00 Adjourn

Conference Syllabus

The conference syllabus, evaluation and certificate will be available through electronic download. Please plan to bring your laptop or electronic device to follow along with the presenters. You will receive an email notification with instructions on how to access the electronic syllabus/download PDF versions of the presentations within one week of the conference start date.

Accreditation

In support of improving patient care, The Robert Larner College of Medicine at the University of Vermont is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to JOINTLY ACCREDITED PROVIDER* provide continuing education for the healthcare team.

The University of Vermont designates this live activity for a maximum of 22.5 AMA PRA Category 1 CreditsTM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This program has been reviewed and is approved for pharmacists for up to 13.5 hours: 0612-0000-17-019-L04-P

This program has been reviewed and is acceptable for up to 13.5 Nursing Contact Hours.

Application has been made to the American College of Emergency Physicians for ACEP Category I Credit. Determination of credit is pending.

Please note: If you do not participate in the optional workshops, the conference is accredited for 13.5 credits.

Accommodations

A block of beautifully appointed rooms have been reserved at the Stowe Mountain Lodge in Stowe, Vermont. Please make your reservations directly with the Lodge (802-760-4755 or 888-4-STOWEVT) and indicate your participation in the Emergency Medicine Conference to receive special discounted rates - \$309 per night plus 10% state and local tax, single or double occupancy for studio accommodations. There is a \$10 daily parking charge. Suites are also available for an additional cost. To ensure room choice and availability, it is recommended that you make your room reservations as soon as possible. Room rates cannot be guaranteed after December 24, 2017.

Leisure Activities

This course is designed so that participants are free from 10:30am to 4:00pm for skiing and other winter recreation. The Stowe Mountain Lodge offers extensive recreational facilities and superb artisan inspired cuisine. A world class spa, heated outdoor pool with indoor swim out access and full service fitness center are located on site. Stowe exudes breathtaking beauty in the winter. World class skiing is available, at discount rates, by completing the appropriate section on the registration form. For those who seek alternatives to skiing, the village of Stowe offers many small, unique boutiques and antique shops. Snowmobile rentals, Nordic skiing and skating are also available in the area. Call the Stowe Area Association at 802-253-7321 or visit www.gostowe.com for information. Please make sure you and your guest(s) join us for the welcome reception which will be held on Monday evening from 7:00-8:00pm.

Transportation

Stowe is 10 minutes north of exit 10, I-89 on Route 100. The local roads leading to the Lodge are clearly marked. Burlington International Airport at Burlington, Vermont (only 45 minutes to Stowe) is served by several major airlines. Car rental or taxi to Stowe is available. Consult your travel agent or airline reservation desk for information. You may wish to rent a car for the 45 minute trip to the hotel to take advantage of the many fine restaurants and shops in Stowe Village and the surrounding area.
