# Fall Conference 2026

## Course Objectives

- Review biliary anatomy
- Review ERCP indications
- Review ERCP procedure steps and tools
- Describe Preop assessment
- Evaluations of the post surgical anatomy
- Review procedural and endoscopic safety concerns regarding this medication class
- Identify background and history of GLP1 medications
- Review current agents and understand their mechanism of action, side effects, and FDA approved indications

## CNE Information

This seminar has been designed to meet the specification of the Minnesota Nurse Practice Act of Continuing Education requirement. This educational activity has been applied for with the Georgia Nurses Association Approver, an accredited approver by American Nurses Credentialing Center's Commission on Accreditation. For 13.25 CNE (7 on Saturday and on 3.25 Sunday) and XXGI specific (XXSat and XX Sun) specific ABCGN, for those attending both Sat and Sun. Attendees will be required to complete an **online post evaluation** and demonstrate learning. Must be present for the entire day to receive CNE for that day, **no partial credit. Additional 1 hour CNE will be provided by both ASP and Steris**

## Additional Information

We will again be having prize drawings throughout the day. Departments wishing to contribute a basket or other items as a door prize are encouraged to do so, please label them, and bring them to the registration table.
