School Nurse
Webinar Series

PEDIATRIC TUBE FEEDINGS IN THE SCHOOL SETTING

Join Dr. Mythili Rao, pediatric gastroenterologist and board-certified pediatrician with Penn State Health, for a webinar on pediatric tube feedings in the school setting. This session will allow participants to:

- Understand common types of pediatric feeding tubes and their purposes.
- Identify key components of a safe, individualized tube-feeding plan in the school setting.
- Learn best practices for safe feeding administration, documentation, and collaboration with families and the school healthcare team.
