

Online Nursing Degree Programs

RN to BS in Nursing (120 credits)

- Build on associate's degree level knowledge by exploring issues in today's healthcare environment
- Manage patient care to ensure the best possible healthcare outcomes
- Practice nursing through a humanitarian, altruistic, and cultural lens

MS in Nursing Education (45 credits)

- Help ensure that nursing schools are at maximum capacity and that new nurses receive an enhanced level of instruction
- Create curricula focused on the changing healthcare system
- Integrate effective evidence-based practices in academic and clinical healthcare settings

MS in Nursing Organizational Leadership (45 credits)

- Contribute to the health, education, and social structure of communities by assuming leadership positions
- Build collaborative interprofessional healthcare teams to coordinate care
- Employ advocacy strategies to influence healthcare policy

MS in Nursing Informatics (45 credits)

- Use data to synthesize knowledge, inform decision support, and manage outcomes
- Provide oversight in the integration of technologies to advance health results
- Conduct informatics research that impacts caregivers and consumers

Accelerated Programs

Students are placed on a fast track to earn a bachelor's degree and a master's degree in less time than it takes to complete the two separately. Our accelerated programs are 150 credits each and include:

- RN to BS-MS in Nursing Education
- RN to BS-MS in Nursing Informatics
- RN to BS-MS in Nursing Organizational Leadership
