## **Denise W. Wrenn Recognized by AANLCP with Ambassador Award**

Denise W. Wrenn, RN, BSN, MHSA, Past President of the American Association of Nurse Life Care Planners (AANLCP), has received the esteemed AANLCP Ambassador Award. She was recognized with this honor during the AANLCP Annual Educational Conference, held March 16-19, 2018 in St. Petersburg, FL.

AANLCP, the premier membership organization of nurses and other health professionals working in the field of life care planning, strives to continually advance this growing area of advanced nursing practice. Its Ambassador Award recognizes a member who has notably exceeded the traditional membership role in increasing awareness of the association and advocating for the role of the nurse life care planner.

"I am honored to receive this award in recognition for my contributions to the field of life care planning," says Ms. Wrenn. "And I am grateful to AANLCP for providing many opportunities for me to encourage the leadership of others and foster ambassadorship to fellow nurses, the industry, partners, and the community."

Ms. Wrenn, a Louisiana-based entrepreneur with more than 30 years of professional experience, is the founder and president of Denise W. Wrenn & Associates, a legal medical consulting firm with extensive experience in: nursing, medical, and disability case management; worker's compensation; legal nurse consulting; and life care planning. The firm's consultants are highly skilled registered nurses who offer their expertise and training to attorneys, insurance companies, healthcare facilities, government agencies, and private corporations. A Registered Nurse in both Louisiana and Texas, Ms. Wrenn is certified as a Legal Nurse Consultant (ALNC), Life Care Planner (CLCP), Case Manager (CCM), Worker's Compensation Professional (CWCP), Medicare Set-Aside Professional (CMSP), and Certified Occupational Health Nurse Specialist (COHN-S). She has been a member of AANLCP for five years and has served on the Board of AANLCP since 2016.

AANLCP promotes education, collegiality, collaboration, research, and standards as they relate to the practice of nurse life care planning. Its Annual Educational Conference provides four days of directed learning and networking for both novice and experienced professionals. The 2018 conference theme, *The Art of Nurse Life Care Planning*, included unique topics such as cost resources, business mastery practices, a writing workshop, emerging therapies, nursing diagnoses classification, evidence-based practices and more.

The AANLCP Ambassador Award was established in recognition of former AANLCP Operations Manager Denise Nelson, who advanced the association through support, insight, strategic planning, and most importantly, as the association ambassador.
