

# *You Save Patients' Lives* We Save Their Quality of Life

Your patients face painful and function-limiting consequences as a result of chemotherapy, radiation and/or surgery. The ReVital Cancer Rehabilitation Program can help them regain strength, physical function and independence lost due to cancer or its treatment.

We Understand  
the Challenges  
Oncologists Face.  
***Our Solutions Benefit  
Patients and You,  
their Provider.***

## **Improve Patient Satisfaction Scores**

We empower patients to activate their care, take control and improve their quality of life. We make patients happier.

## **Improve Patients' Care Pathway Compliance**

We help patients mitigate fatigue and deconditioning, improve their function and ability to continue cancer treatment.

## **Improve Reimbursement and Quality Scores**

We assist patients in managing pain, balance problems and neuropathy in order to decrease unnecessary emergency room visits, falls and office call-backs.

## Certified Therapists

ReVital therapists are specially-trained in oncology rehabilitation and understand the unique challenges patients face while undergoing cancer treatment. Our therapists choose to specialize in cancer therapy because they want to help people thrive, not just survive.

## Treatment plans are tailored to patient's individual needs:

Joint aches	Loss of strength	Bowel and bladder disorders
Neck or back pain	Post-surgical pain	Difficulty speaking or swallowing
Decreased range of motion	Radiation fibrosis	Fatigue and weakness
Spinal cord injury	Lymphedema	Balance or walking difficulties
Numbness or tingling	Muscle spasms, cramps or achiness	

## Leading the Way

Wholly-owned by Select Medical, ReVital is the first nationwide comprehensive cancer rehabilitation program. It is being deployed across Select Medical's **1,600-plus outpatient centers throughout the U.S.**

The ReVital program helps survivors live well beyond cancer by bridging the gap between oncology and rehabilitation care providers. **Baylor Scott & White Institute for Rehabilitation Outpatient Therapy** is the latest provider to offer the ReVital program. For more information about the ReVital Cancer Rehabilitation program, contact a Baylor Scott & White Rehab center near you.
