Location:

Parkview Community Hospital
FOUNDERS CENTER
3865 Jackson Street
Riverside, CA 92503

This course is designed to provide the acute and critical care practitioner with a review of AACN's core curriculum. It is a comprehensive update for the practitioner at the bedside. Provided in a lecture format, the speaker will review anatomy and physiology, physical assessment, and pathophysiology in a systems approach.

Objectives

At the end of this course, participants will be able to:

- **Recognize specific patient pathology frequently encountered within critical care nursing.**
- **Describe appropriate nursing interventions and treatment modalities specific to critical care nursing.**
- **Summarize how to apply for the Critical Care Registered Nurse (CCRN) exam.**
- **Identify areas of further self-study needed to successfully complete the CCRN exam.**
