GOAL: The goal of the program is to provide a forum to discuss and share health information that will assist nurses and other health professionals in delivering optimum care for communities of color.

OBJECTIVES

- To advocate for proactive strategies that will improve birth outcomes for women of color.
- To understand the challenges Men of Color face when seeking mental health services.
- To learn the state resources available to support the care of HIV Positive individuals
- To discuss the effects trauma has on physical, psychological and social well-being.
- To learn the importance of early parent-child interaction to promote positive development.
