Call for Abstracts!

7th Annual Nursing Science Conference: Advancing New Knowledge through Evidence-based Practice and Research

Wednesday, September 18, 2019
Westin North Shore Hotel, Wheeling, IL

- **Objective:** Share innovative, evidence based best practices that contribute to positive patient outcomes and advance the profession of nursing.
- Submissions are welcome from nurses and nursing students working in all practice roles and settings.

**Abstracts will be considered in the areas of:**
*Research, Evidence Based Practice, and Quality Improvement*

- **Deadline for abstract submission is Sunday June 2, 2019 11:59m**
- The primary presenter must complete the electronic abstract submission and continuing education biographical and conflict of interest forms through this link:

  2019 NRC Abstract Site
  
  Or Type the following into your browser: https://advocatehealth.az1.qualtrics.com/jfe/form/SV_0GjGm9reA7nqJdH

- Communication regarding the abstract will only be with the primary presenter.
- Abstract text must be 2500 characters or less (approximately 250 words).
- A minimum of one and maximum of 3 references, not included in the character count, are required.
- A small number of abstracts will be chosen for a Break-Out Podium Session; please indicate your choice of oral, poster presentation or both during the submission process.
- Notification of abstract review outcome will be early in July 2019

**Abstract Guidelines:**

- Please use the following headings:
  Introduction, Purpose/Objective, Method/Evaluation, Results/Findings, Discussion/Conclusion, Implications for practice
- Each presenter must register, pay conference fees, and be present at their poster to discuss their project during designated viewing times.
- **Watch for information on conference registration coming soon!**
