

Physio-Control invites you to attend:

Cardiac Resuscitation Symposium

Improving In-Hospital Cardiac Arrest Outcomes

Featuring Keynote Speaker: Mary E. Mancini, RN, PhD, NE-BC, FAHA, ANEF, FAAN
Baylor Professor for Healthcare Research

Cardiac arrest is one of the most lethal health problems in the United States, with a median hospital survival rate from adult cardiac arrest of just 18%. With patient survival being linked to high-performance CPR, join us to learn how you can improve CPR performance and survival rates.

There will be a number of exciting sessions including:

- Measure-improve-re-measure: Cardiac Arrest Analytics
- Improving Outcomes Across the System
- Improving CPR Quality Inside and Outside the Hospital

When: Wednesday, March 18, 2015, 7:30 am - 4:30 pm

Where: Jump Trading Simulation & Education Center
1306 N Berkeley Avenue, Peoria, IL 61603

Who Should Attend? Resuscitation champions, Code Blue team leaders, resuscitation quality improvement members, Code Blue team responders, rapid response team members, ED and ICU nurses and ACLS instructors

Cost to Register: \$75.00, includes continental breakfast, lunch and CEs

Faculty Includes:

Mary E. Mancini, RN, PhD, NE-BC, FAHA, ANEF, FAAN
Associate Dean and Chair, Undergraduate Nursing Programs
Baylor Professor for Healthcare Research
The University of Texas at Arlington College of Nursing
Past President, The Society for Simulation in Healthcare
Dallas, TX

Dana Yost, EMT-P
