CRITICAL CARE INTENSIVE

PROGRAM DESCRIPTION
AACN West Michigan Chapter and the AACN Greater Detroit Chapter are joining together to provide a day-long conference offering a review of critical care principles. The exact same content and schedule will be presented in Grand Rapids on October 8th and then repeated October 9th in Detroit. The program is designed to provide the critical care nurse with a fast-paced, intensive pathophysiology review covering all major body systems. Attending this conference will be GREAT preparation for those wishing to pursue CCRN certification. While the outline is loosely based upon the Clinical Knowledge portion of the CCRN Test Blueprint, it is NOT a comprehensive review of all exam content. Individuals wishing to achieve CCRN certification should refer to the CCRN Test Handbook available at www.aacn.org. Join us in either Grand Rapids or Detroit for a jam-packed day of learning from one of the leading national experts in critical care nursing!!
