Project ECHO: School Health

Online Learning Sessions | Launching October 2019

School nurses, school staff, primary care providers and community health partners are invited to join in Children's Project ECHO (Extension for Community Healthcare Outcomes). This inaugural school health series is aimed at sharing the latest information and evidence-based practices to improve student health outcomes across Nebraska.

Participants can attend from any location using Zoom technology. Follow ChildrensOmaha.org/ProjectECHO for updates and registration information.

Project ECHO is coordinated by Children's Center for the Child & Community, with a mission to empower communities to value and support the health, safety and well-being of every child. For more information about Children's Center, visit: ChildrensOmaha.org/Advocacy.
