## Course Description

This two day intense critical care review course is intended for nurses who are planning to take the AACN-CCRN, CCRN/E, CCRN/K or AACN-PCCN, PCCN/K certification exam or as a clinical practice review seminar. The lectures and time allotment are based on the exam blueprints and will cover all body systems, physiology, pathophysiology, assessment strategies and treatment options for medical and surgical critically ill patients. This course will benefit those who have critical and /or progressive care experience and need/want a clinical update and of latest best practice and those who have studied and need/want a final review prior to taking the CCRN/PCCN certification exam. This seminar is not intended as a basic critical care course and is recommended for nurses with at least one year of critical or progressive care experience.

Methodist Healthcare System is an approved provider of Continuing Education by the California Board of Registered Nursing. Approved for **14** contact hours for 2 day attendance. Note: Requirement for successful completion includes attendance of the entire activity.

## Speaker Carol Rauen

Carol Ann Rauen has over thirty five years of experience in critical care, including roles as staff nurse, nurse clinician, nurse manager, critical care educator, and clinical nurse specialist. She has worked in Coronary Care, Surgical/Trauma ICU, Cardiovascular ICU and the Emergency Department. From 1992 - 2004 she worked at Georgetown University in Washington D.C. For the first six years she was a clinical nurse specialist and nurse manager in the medical center and for the last six years as an Assistant Professor at the School of Nursing & Health Studies. Carol currently serves as an independent critical care clinical nurse specialist and education consultant and works clinically in the trauma ICU at Orange Park Med Ctr just west of Jacksonville, FL. She has published widely in the nursing literature, including eight book chapters in major critical care nursing texts and multiple journal articles. She currently serves on the editorial board of AACN Advanced Critical Care and was the founding editor of the Certification Prep Column Editor for Critical Care Nurse.
