What:

The Emory University Department of Emergency Medicine's Section of Prehospital and Disaster Medicine is providing medical support for America's Marathon Weekend. This is a unique opportunity to provide medical coverage for the U.S. Olympic Team Marathon Trials, as well as for the runners participating in the Publix Atlanta Marathon, Half Marathon & 5K. It's a fun day spent in Centennial Olympic Park. We typically see approximately 200 patients in the tents with a multitude of complaints. This is a great opportunity to learn about event medicine, EMS, and to practice your skills out in the field. We would love to have you participate and hang out with us in the medical tents. You don't have to volunteer for both days, but we would love to have you for both events.

We can't pay you, but lunch and volunteer t-shirts will be provided. We will also provide you with a letter for The Professional Lattice for Advancement in Nursing (The Plan). If you have special dietary needs, please plan accordingly.

Who We Need: EMTs, ED Technicians, Medical Registration, Nurse Practitioners, Physician Assistants, and Registered Nurses.
