

## CREDENTIALING

The Chesapeake Bay Chapter of the American Association of Neuroscience Nurses (CBC-AANN) is solely responsible for the development, administration, and evaluation of the SCR N Exam Review Course. Course participants are not required to be members of a national or local chapter of AANN. Two years of experience in working with stroke patients is suggested. Completion of this course does not guarantee certification.

The American Board of Neuroscience Nurses (ABNN) is the independent, not-for-profit corporation established to design, implement, and evaluate a certification program for professional nurses involved in the specialty practice of neuroscience nursing and its subspecialties. ABNN promotes the practice and contributions made by neuroscience nurses to the health of the nation through the certification of registered nurses. SCR N® is a registered trademark of ABNN.

# Stroke Certified Registered Nurse Exam Review Course

The  
Stroke Certified Registered Nurse  
(SCR N®)

credential formally recognizes the attainment and demonstration of a unique body of knowledge necessary for the practice of stroke nursing.

# STROKE CERTIFIED REGISTERED NURSE

**EVIDENCE —BASED PRACTICED  
REDUCED THE DEATH RATE FROM  
STROKE IN THE UNITED STATES BY  
36% FROM 1999 TO 2009.**

## Course Description

The SCR<sup>®</sup>N Exam Review Course is a 2 day workshop designed to assist candidates for the SCR<sup>®</sup>N certification in preparing for the SCR<sup>®</sup>N Exam. Multiple speakers will present topics covering the five domains of stroke nursing as described by the ABNN. Copies of lecture slides will be available for participants to print prior to the course, once the participants have registered. Free parking will be available onsite.

Continental breakfast and boxed lunch will be served on both days.

## Dates

Day 1: March 27, 2020 0800–1630

Day 2: April 3, 2020 0800 –1630

**Sign-in starts at 0730 each day.**

## Scope

The course will provide in depth instruction on core stroke nursing principles in caring for patients across the lifespan and in a variety of settings.

## Topics

Topics will encompass the five domains of stroke nursing care as described by the ABNN:

Domain 1: Anatomy and Physiology

Domain 2: Preventative Care

Domain 3: Hyperacute Care

Domain 4: Acute Care

Domain 5: Post-acute Care

Other lectures will be added to enhance the information provided.

A detailed outline of exam topics and exam windows is available in the 2020 SCR<sup>®</sup>N Candidate Handbook and Exam Application, which can be downloaded from the AANN website.

## Cost

CBC-AANN Members .....\$110

Early Bird Registration .....\$125

Regular Registration .....\$140

Net proceeds from the SCR<sup>®</sup>N course will benefit the Chesapeake Bay Chapter of AANN for future educational offerings.

## Registration

Advanced registration is required. Registration will be accepted until March 13, 2020, unless the class becomes full prior to the end date. Space is limited.

Register online at the *Chesapeake Bay Chapter of AANN website* course listings or go directly to the course webpage.
