

### STATEMENT OF NEED

Kidney cancer accounts for approximately 4% of all cancer diagnoses in the United States. An estimated 73,750 new cases are reported annually and 14,830 people die of the disease. Renal cell carcinoma, which comprises nearly 90% of all kidney cancers, is characterized by a lack of early warning signs, diverse clinical manifestations, and resistance to radiation and chemotherapy. Due to its often asymptomatic presentation, many patients have advanced disease at diagnosis, which is associated with poor outcomes. The 5-year survival rate for patients with regional RCC is only 70% and drops to a dismal 12% for those with distant metastases.

### TARGET AUDIENCE

Oncology and urology nurses, nurse practitioners, clinical nurse specialists, and other health care professionals involved in the treatment of patients with RCC

### LEARNING OBJECTIVES

Upon completion of this activity, participants should be able to:

- Distinguish the mechanisms of action of IO agents and VEGFR TKIs in advanced RCC
- Differentiate the efficacy and safety profiles of IO and VEGFR TKI therapies for advanced RCC
- Assess strategies to improve treatment tolerability, control adverse events, and ensure the provision of patient-centered RCC care

Learning objectives apply to all professions in the target audience. There are no prerequisites for this activity.

### FACULTY

Laura S. Wood, RN, MSN, OCN®  
Renal Cancer Research Coordinator  
Cleveland Clinic Taussig Cancer Center

### ACCREDITATION

Provided by

i3 Health is accredited with distinction as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

A maximum of 1.0 contact hour may be earned by learners who successfully complete this nursing continuing professional development activity.

Provider approved by the California Board of Registered Nursing, Provider Number 15824, for 1.0 contact hour.

### INSTRUCTIONS TO RECEIVE CREDIT

In order to receive credit for this activity, participants must submit a completed evaluation at the end of the activity.

### REGISTRATION

There is no fee to participate in or claim NCPD credit for this activity.

Please note that i3 Health does not accept responsibility for travel, accommodation, or any other costs incurred by registrants in the rare event that this activity should be canceled for any reason. Every effort will be made to give reasonable notice in the event of cancellation.

### COMMERCIAL SUPPORT

This educational activity is supported by independent educational grants from Exelixis and Merck.

Aggregate participant data will be shared with commercial supporters of this activity.

### DISCLOSURE OF FINANCIAL RELATIONSHIPS

i3 Health endorses the standards of the ANCC that require everyone in a position to control the content of a NCPD activity to disclose all financial relationships with commercial interests that are related to the content of the NCPD activity. NCPD activities must be balanced, independent of commercial bias, and promote improvements or quality in health care. All recommendations involving clinical medicine must be based on evidence accepted within the medical profession. Detailed disclosure will be made in the course syllabus.

### MEETING DETAILS

Date: 11/18/2020

Time: 6:00pm-7:00pm

Location: This virtual meeting will be Zoom-broadcasted. A link to the Zoom meeting will be sent upon registration.

Per the Physician Payments Sunshine Act, i3 Health is required by law to report to CMS any transfers of value (including food and beverage) provided to a covered recipient during a commercially supported educational event. Effective January 1, 2020, Physician Assistants, Nurse Practitioners, and Clinical Nurse Specialists are considered "covered recipients". All NPs and CNSs who would like to participate in the provided meal will be asked to provide all required information for reporting purposes.

### REGISTER

Please register online at [i3Health.com/rcc-02-register](https://i3Health.com/rcc-02-register) by November 16, 2020.

### DISCLAIMER

The information provided at this NCPD activity is for continuing education purposes only and is not meant to substitute for the independent medical/clinical judgment of a healthcare provider relative to diagnostic and treatment options of a specific patient's medical condition.

### AMERICANS WITH DISABILITIES ACT

Event staff will be glad to assist you with any special needs (ie, physical, dietary, etc.). Please contact Madelyne Fabrizio (Mfabrizio@i3Health.com) within five days of the event.
