

**January 12-13, 2021**

**8:30am - 5:00 p.m. EST**

**Live Stream, Virtual Course**

The Asthma Educator Institute™ is a two-day preparatory course for individuals who want to implement asthma guidelines-based care and those qualified to take the National Asthma Educator Certification Board (NAECB) examination. This event is presented by the American Lung Association and the New York State Regional Asthma Coalitions.

**Upon completion of this course, participants should be able to:**

- Provide guidelines-based asthma care to patients, families, and other health care professionals
- Identify the various roles of the asthma educator
- Prepare for the Asthma Educator Certification Exam (AE-C)
- Network with healthcare professionals, asthma educators and organizations providing asthma care and policies

**Register Here**

[FAQ and CME/CEU information](#)

*Course materials will be shipped to addresses associated with your registration. Please ensure that during the registration process you include the address to which you want materials shipped (i.e. if you are currently working from home, it may be best to list your home address instead of work/office address; (If you are unsure what you used as your address, please contact us to ensure the correct one for shipping is on file). For best chances to receive your medication devices/placebo toolkit by the course date, please register early. Registrations received after January 3, 2021 will still receive a toolkit, but there's a chance that it may arrive after the course date.*
