

# Lillian D. Wald: Nurse Changemaker

Join us online May 12, 2021 as we celebrate Nurses' Week with a presentation on Rochester's own Lillian D. Wald, given by Patricia Corcoran.

The legacy of Lillian D. Wald continues long after her death in 1940. Her work as a nurse, a social worker, and head worker at Henry Street Settlement in New York reveals a life of pioneering innovations and advocacy to improve the lives of the urban poor and disenfranchised.

Patricia Corcoran is currently the President of the Friends of Mount Hope Cemetery. She is a retired Rochester City School District teacher.
