National
Association of
School Nurses

BACKGROUND

The National Association of School Nurses (NASN) is very excited about getting together for NASN2021. This is NASN's annual event that brings together school nurses and others in the school community. We are ready to gather, to celebrate and to educate how school nurses are **Leading the Way in Transforming Student Health**.

Our focus as an organization remains on the health and safety of our event participants. For this reason, NASN has made the decision to again offer the annual conference as a virtual experience. We know that we need to come together now more than ever, but we also need to do so safely for everyone's benefit. It is important to us that all our attendees have the chance to interact with one another and with our content. The virtual environment will allow us to do this, regardless of travel concerns related to COVID-19.

Last year's virtual conference allowed us to reach more school nurses than ever before. Building on the success of NASN2020, we are planning even more opportunities for attendees to connect with one another and are excited to share these with you. We can't wait to "see" you online for Virtual NASN2021, June 21-25, 2021.

NASN is counting on our affiliates to help spread the word! Please share the following web, newsletter and social media messages with your audiences at least 1-2 times per week until the week of the conference. If you have any questions about these materials, please contact Jen McNally at jmcnally@nasn.org.

Affiliate Meeting Times

There is time in the schedule that could be used for a meeting of your NASN affiliate or delegation during conference week.

That day and time is: Monday, June 21 from 4:50 to 5:50 PM EST.

You could always meet on a different day and time but we wanted you to know that this date and time will not conflict with other conference sessions and events. If your affiliate decides to meet, please send us the date, time, and web meeting platform link (Zoom, GoToMeeting, etc.). We will list your meeting on the event website so your members can easily find it.
