

Michigan School Nurse Administrator of the Year 2021

Evilia Jankowski

The Michigan Association of School Nurses is proud to announce our 2021 School Nurse Administrator of the Year, Evilia Jankowski, MSA, BSN, RN. She currently works tirelessly as the State School Nurse Consultant for the State of Michigan. Evilia plays a crucial role in training school nurses throughout the State of Michigan. She has held many school nurse positions throughout the years and has been an incredible advocate for students and school nursing.

Evilia recognizes the importance of evidenced based practice and research. One of her missions is to standardize school nursing practice in Michigan. She has developed trainings such as Foundations for Effective School Nurse Practice and Medication Administration for Unlicensed School Personnel in the School Setting and is making them available several times throughout the year. These trainings provide valuable information to new and experienced school nurses, thus beginning the process of standardized school nursing practice in Michigan.

Her colleagues say Evilia is a “True champion and leader for the profession of school nursing” and “ her exceptional professional knowledge and skills, positive disposition, commitment to those she serves, and strong work ethic were ever-present and made working with her a rewarding and enjoyable experience.”

Evilia works hard promoting school nurses throughout the State of Michigan and is very worthy of this honor. She exemplifies strong leadership and dedication. Congratulations Evilia!
