

American Association of Critical-Care Nurses

It's our roots as a group of indomitable nurse-roots that will hold us firm, lift us up, nurture and strengthen us all. We are rooted in strength, forged in fire, and growing in power!-AACN president Beth Wathen

Detroit AACN Membership

The goal of the Greater Detroit Chapter is to further AACN's mission and vision by focusing on three key initiatives:

- Certification
- Healthy Work Environments
- Beacon Award

By being an active member of the Greater Detroit Chapter, you will continue your learning process to become an even better nurse, will learn the benefits of healthy work environments and how to perpetuate them within your organization and with your peers, and develop your leadership abilities, so that as a nurse, you can make your optimal contribution for your patients and their families. We always welcome ideas and encourage you to share them with us to help all of us become better nurses. We look forward to a long and wonderful relationship with you! **Your \$20.00 yearly membership counts as part of the profession nurse advancement program!**
