

NURSING EXCELLENCE THROUGH EDUCATION AND TRAINING

NASAL HIGH FLOW & NURSING:

Nasal High Flow Therapy has been growing steadily through breakthrough research and real world results, both before and during the COVID-19 pandemic. Now these advances in respiratory care have become increasingly beneficial for Nursing.

Fisher & Paykel Healthcare created the N.E.X.T. Program, a special combination of education and practical training, to address the specific needs of Nursing regarding Nasal High Flow Therapy.

This virtual 30 minute AACN approved* program includes:

- ▶ Introduction to Nasal High Flow Therapy:
 - Mechanisms of action & how these can benefit patients in respiratory distress
 - Clinical evidence that demonstrates positive patient outcomes
- ▶ Special emphasis on flow, controlling saturations, and patient comfort & compliance
- ▶ Q&A
- ▶ Opportunity to refer other nursing care areas or sister hospitals for additional education opportunities

Join us **Wednesday Oct 27th** at the below time-slots:

12:00 pm ET | 11:00 am CT | 9:00 am PT

4:00 pm ET | 3:00 pm CT | 1:00 pm PT

8:30 pm ET | 7:30 pm CT | 5:30 pm PT

If you have any questions, please contact **Julie Malanga** | Julie.Malanga@fphcare.com (Sales Training Manager, RCP with 15+ years experience)

*AACN Statement: This program has been approved by the American Association of Critical-Care Nurses (AACN), for 0.5 CERPs, Synergy CERP Category A, File Number 23601. Approval refers to recognition of continuing education only and does not imply AACN approval or endorsement of the content of this educational activity, or the products mentioned.
