

Save the Date!

Wyoming School Nurses Association Annual Meeting Tuesday August 2nd & Wednesday August 3rd, 2022 @ Ramkota Inn, Casper

Topics Include:

Tuesday: National speaker from NASN - Focus on the Framework: Community Public Health is an interactive program geared towards helping school nurses develop a deeper understanding of their role in access to care, cultural competency, disease prevention, environmental health, health education, health equity, health promotion, outreach, population-based care, risk reduction, screenings, social determinants of health and surveillance. Bring this course to your organization and watch school nurses soar in their approach to student-centered care. Put the Framework for 21st Century School Nursing Practice™ into action now!

Wednesday is still under development. We have secured our State School Nurse Consultant, Robin Cole MS, RN to speak and we will have our annual business meeting. It will be a full day of information and networking.

Lunch will be provided for both days.

CEU's will be available.

We hope to see you in Casper!
