E. Monthly Business

1. NCENA Committees: If you want to join a committee, go through your Chapter President
 - Education – Linda Arapian/Kara Hensley – North Carolina Emergency Nurses Symposium 2022 – Asheville, NC, Nov 3rd - 4th - Call for Speakers has been posted, the contract with MAHEC has been signed. Please encourage colleagues to submit to speak.
 - Communication/Emerging Professional – Blake Middleton (Dave McDonald reported) A list of EDs across the state with a point of contact is currently being composed. The Board has set aside funds to reach out to each ED across the state during Emergency Nurses Week. Please help Blake by sending known contacts you have to him via email. Chapters please help with this effort. Blake and Dave are currently managing and updating the website, please send in your list of meeting dates for the website.
 - Membership – Connie Lanier – see report below. Discussion about the members that do not belong to a chapter. The board is encouraging those members belong to a chapter, this will allow the membership allotments to be awarded to the chapter instead of the state.
 - Government Affairs – Tonya Davis – ENA Day ON the Hill May 2-4th, 2022 is official! The capitol building is closed to the public, the agenda for the event has not been published yet. Unofficially, the board learned at Leadership Orientation that the event will occur at a hotel in the DC area, with no Capitol Hill visits scheduled. Tonya has reached out to NC senator offices in an attempt to schedule some type of meeting. The cost to send 3 representatives will be high and the group was queried on the return on investment. No decision was made pending additional details from National. The Dr. Lorna Breen Act was passed, The Joint commission has issued a statement (available on their website). Nurses Night at the Legislature will occur in person in Raleigh as an outdoor event. NCENA did sponsor the event and the board has not heard of any information about ticket allotment. The board will communicate this information once it is obtained.
 - QSIP – Angie Alexander – please coordinate with your area trauma centers to assist with injury prevention efforts. Metrolina has partnered with the Police/Fire/Sheriff “Explorers”. 5/21/2022 there is a career seeking event with middle and high school

students, ENA will present hands only CPR and a “Stop the Bleed” if there are enough volunteers

- Award/Scholarships – Mary Lou Forster Resch, see discussion earlier in the meeting.
- Certifications – Monica Watts – goal is to increase certified nurses by 10% in 2022. We need 233 newly certified nurses to achieve that goal. All the certified nurses in the room and online were acknowledged. The group discussed collaborating with BCEN to obtain vouchers to cover the cost of the certification application. The NCENA would like to formally recognize all newly certified nurses – please share the names and certification with the board (with permission from the candidate) for celebration on the website and Facebook. Certification numbers are as follows:

CEN 1724
