BILL LIGHT **MSN RN CEN CPEN TCRN**

Bill Light is an Emergency Department (ED) RN working near Portland, Oregon. Bill began his nursing career as a resource float pool nurse where he worked in pediatrics, psychiatry, medical, surgical, neurology, oncology, orthopedics, maternity and telemetry. In 2002, Bill took a job in the ED and never looked back. He spent several years of his career in a high-volume ED where he moved into a trauma RN position. In 2006, he took a position for a large health system in the Portland area. For over 10 years, Bill served there in a variety of roles including staff nurse, preceptor, Information Services (IS) Subject Matter Expert, charge nurse, educator, and nursing supervisor.

In 2015 Bill accepted the Chief Nursing Officer position at Solheim Enterprises to pursue his passion for education and speaking. He is focused on expanding and deepening the nursing education aspects of the company. Bill regularly speaks to audiences around the country on a variety of clinical nursing topics while working PRN in the ED.

Bill is a dynamic and energetic speaker whose unique style not only provides insight to his audience but also creates an engaging and fun atmosphere for them. Bill consistently delivers exceptional quality education that is praised by audiences, colleagues, and institutions alike. Drawing on his diverse pool of experiences, Bill connects with his audiences and delivers education that reaches them in a way that easily enables them to incorporate what they learn into their own practice.

Bill was raised on a quarter horse ranch in Missouri and is one of 26 children. Bill has been married for 25+ years and has two children (who he freely admits are the best human beings in the world). Bill combines humor, knowledge and blatant bribery to bring to his audiences an educational experience they will never forget.

Since its release in 2003, Solheim's CEN® Review Course has been taught hundreds of times to thousands of students all over the world. Most recently updated in January 2022, the course has played a critical role in the advancement and development of the emergency nursing profession.

Through a blend of lectures, graphics, videos, and challenge questions, Solheim's Certified Emergency Nurse (CEN®) Review Course covers many of the areas that are tested on the BCEN's CEN® examination. To ensure its continued effectiveness the course, which follows BCEN's guidelines, is updated regularly. Solheim Enterprises has become the go-to source for nurses when preparing to sit for BCEN's Exams.
