6th Annual Palliative Care Alaska Network Conference

Walking Each Other Home: Providing Care in the Face of Serious Illness

FREE PRE-Conference Training ***Applied Suicide Intervention Skills Training (ASIST)***

If you have experienced the loss of a loved one, or care for someone who has, they are at a higher risk of death by suicide or suicidal ideation.

ASIST provides the skills you may need to support your loved ones through suicidal crisis. This training will help you recognize signs, have open conversations, and create a safety plan.
