

Java (Script) Jingles with Judy & Theresa

Innovative Teaching Strategies for the NPD Practitioner

Friday, November 18, 2022 from 9:00 – 10:00 am

Postma Center – 300 68th Street, Grand Rapids, MI 49548 or

[MNPD Meeting & Continuing Education Event | The Michigan Nursing Professional Development MNPD | Nursing Network](#)

Presenters:

Judy B. Westers, MSN, BS, RN, NPD-BC – Corewell Health

Theresa McGuire, MSN, RN, NPD-BC – Pine Rest

The purpose of this professional development activity is to provide Nursing Professional Development Practitioners with tips and tricks for leveraging technology in the classroom (live, virtual, and hybrid). The presenters will use the NPD practice model to demonstrate how technology can be used during the three phases: inputs, throughputs, and outputs – leading to empirical outcomes influenced by education. Judy and Theresa will be hosts of a “Talk Show” and demonstrate practical strategies to engage the audience. Interestingly, the presenters are from different organizations.

Criteria for successful completion:

1.0 contact hours will be provided to learners who:

- Attend the entire event – live or virtual
- Submit an evaluation and include your name (for the sign in sheet)

Evaluation

<https://forms.office.com/r/j1k8X71a2K>

Educational Outcome:

- After the professional development activity, 85% of the Nurse Learners will identify one audience response system (ARS) / technology that they will use during a future educational activity with intent to change practice.

This is a non-clinical activity. No one with the ability to control the content has a relevant financial relationship with an ineligible company.

Planning Committee: Judy Westers and Theresa McGuire (Lead Planner)

Pine Rest is approved as a provider of nursing continuing professional development by the Ohio Nurses Association, an accredited approver by the American Nurses Credentialing Center. (OBN-001-91)
