HRST Cost Outline

COST OUTLINE

The cost of the Health Risk Screening Tool (HRST) is based on the number of individuals served and a "per individual" pricingmodel. Price includes the HRST web-based software and all related services.

The term "individual" means, an individual whose HRST data is entered and stored in the system and may be viewed ormodified by any user who is specifically authorized to view that individual's HRST information.

Pricing

- ▶ One-time activation fee: $500.00
- ▶ Based on Persons Served:
