

Candidate:

Nikki (Yanilka) Faneyte RN

Board Position:

Membership Coordinator

Current Job:

Registered Nurse

Why are interested in this board position?

I am interested in this position because I have been wanting to get more involved with GRAFL for a while now but didn't want to put too much on my plate. Now that I'm going into a year of nursing, I feel I am better prepared. This position fits me best because as just a GRAFL member I'm already trying to get people to join GRAFL and teaching them all the benefits! With this position I will at least have a title and be officially more involved!

What qualities and experiences will you bring to this GRAFL board position and to the GRAFL board?

Qualities that I believe I will bring to this position and the board is how outgoing I am! I'm always up for meeting new people and engaging in conversations which I feel is a big part of being a GRAFL board member as I've seen with Becky!

Experiences I've had that will better help me in this position is the RA position I held at my first college. Where I was in charge of overseeing an entire floor of residents and of planning an event once a semester for the students. I also was student representative at my nursing school, where I would coordinate with students about what was going well and what wasn't, then attend monthly meetings with the staff and relay that information. I feel that holding these two positions have helped me grow my communication and problem solving skills that I could use as GRAFL's membership coordinator!

What are your goals for this GRAFL board position?

I hope to spread the word about GRAFL to all the critical care staff and help people in joining GRAFL.
