

Candidate:

Dana Mitchell MEd, BSN, RN, CCRN

Board Position:

President-Elect

Current Job:

F.F. Thompson Health
Critical Care Educator

Why are interested in this board position?

I am interested in becoming involved with the critical care community as a whole and hope to bring more exposure to F.F. Thompson and encourage our nurses to participate and seek certification.

What qualities and experiences will you bring to this GRAFL board position and to the GRAFL board?

I have worked in critical care since 2014 including MICU, PCU, COVID specialty and CICU. I am now a critical care educator at Thompson and have served on the Linkages planning committee. I also have completed a Leadership internship at URM. This wide range of experience helps me participate in discussions throughout the gamut of critical care. I also have a research based Master's degree in education and would love to encourage and guide GRAFL members through any research interest they have.

What are your goals for this GRAFL board position?

Increase GRAFL membership within rural hospitals and in turn increase certified nurses within these same areas.
