

BILL LIGHT **MSN RN CEN CPEN TCRN**

Bill Light is an Emergency Department (ED) RN working near Portland, Oregon. Bill began his nursing career as a resource float pool nurse where he worked in pediatrics, psychiatry, medical, surgical, neurology, oncology, orthopedics, maternity and telemetry. In 2002, Bill took a job in the ED and never looked back. He spent several years of his career in a high-volume ED where he moved into a trauma RN position. In 2006, he took a position for a large health system in the Portland area. For over 10 years, Bill served there in a variety of roles including staff nurse, preceptor, Information Services (IS) Subject Matter Expert, charge nurse, educator, and nursing supervisor.

In 2015 Bill accepted the Chief Nursing Officer position at Solheim Enterprises to pursue his passion for education and speaking. He is focused on expanding and deepening the nursing education aspects of the company. Bill regularly speaks to audiences around the country on a variety of clinical nursing topics while working PRN in the ED.

Bill is a dynamic and energetic speaker whose unique style not only provides insight to his audience but also creates an engaging and fun atmosphere for them. Bill consistently delivers exceptional quality education that is praised by audiences, colleagues, and institutions alike. Drawing on his diverse pool of experiences, Bill connects with his audiences and delivers education that reaches them in a way that easily enables them to incorporate what they learn into their own practice.

Bill was raised on a quarter horse ranch in Missouri and is one of 26 children. Bill has been married for 25+ years and has two children (who he freely admits are the best human beings in the world). Bill combines humor, knowledge and blatant bribery to bring to his audiences an educational experience they will never forget.

This nursing continuing professional development activity was approved by Oregon Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. Approval valid through 06/01/2024 OCEAN ID #2022-14

Solheim's CPEN Exam Review Course, authored by Bill Light, has been taught nationwide to thousands of nurses and has played a critical role in the advancement and development of the nursing profession. As of June 15, 2022, BCEN reported that there are just over 5,500 Certified Pediatric Emergency Nurses; therefore, successfully completing the CPEN® exam is a challenge that has been completed by a small percentage of nurses.

Updated with every new version of BCEN's CPEN Exam Content Outline, Solheim's CPEN Exam Review Course utilizes a tailor-made combination of lectures, multimedia, personal stories, and challenge questions to review the many of areas that are tested on the examination. Solheim Enterprises' CPEN team is made up of two instructors that are leaders in nursing, education, and public speaking. Ultimately, this has made Solheim Enterprises the go-to source for nurses when preparing to sit for BCEN's Exams.

Visit us on Facebook, Instagram, and YouTube for detailed testimonials, challenge questions, and exam advice.
