Presenting: Teepa Snow— Best Practices in Dementia Care

Learning to give care, without the fight

Wednesday, September 20th, 2023 •

MSU Management Education Center

811 W Square Lake Rd, Troy, MI 48098

7:30 am—4:30 pm

This in-depth intensive workshop will teach learners to use effective strategies for helping people with dementia during interactions, care delivery, and daily engagement. The goal is to help reduce resistance to care and foster participation and use of preserved skills.

Excellent opportunity for: Caregivers, healthcare professionals (providers, nurses, assistants, technicians, security, nutrition, environmental services, etc.), and community members.

This activity is approved for Physician CME, Nursing Contact Hours and Social Work CE. Further details are available on the registration site.
