## FOCUS OF CONFERENCE

The Hawaii Chapter of Perianesthesia Nurses (HIPAN) educational offerings provide important links to advancing our professional nursing practice. This educational offering will include the following: Orthopedic Surgery - Shoulder, Elbow & Hand; Trauma and Chest Tubes; Cardiac Ablation & TEE; Perianesthesia Emergencies: It's Still the ABC's; Perianesthesia Emergencies: It's Not Just Airways; and ASPAN & AORN Moderate Sedation Standards of Practice.

American Association of Perianesthesia Nurses (ASPAN), the professional organization for the specialty of perianesthesia nursing, is responsible for defining and establishing the scope of perianesthesia nursing. In doing so, ASPAN recognizes the role of the American Nurses Association (ANA) in defining the scope of practice for the nursing profession as a whole. ASPAN's goal is to enhance knowledge and skills in the PeriAnesthesia Practice.

Continental Breakfast and Lunch provided. Free Parking included.

*This continuing nursing education activity was approved for six (6) contact hours by the Wisconsin Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.*

*The Queen's Medical Center is approved as a provider of nursing continuing professional development by the Wisconsin Nurses Association, as accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.*
