

Pennsylvania Association of
School Nurses and Practitioners

PASNAP

Political Action Committee

PASNAP strongly believes it has a duty to ensure Pennsylvania legislators know how their decisions will impact school nursing practice.

WHAT IS A PAC?

PAC stands for Political Action Committee. The PASNAP PAC raises funds to help Pennsylvania school nurses have a voice in political campaigns, ballot initiatives, and legislation related to the provision of school health services. We work closely with legislative consultants who mentor our mission and advocate on our behalf at political meetings and events.
