Prairie Horizons:

Nurturing the Future of Nursing in North Dakota

September 13, 2024 | Bismarck, ND

Ashley DeMakis, MSN, RN

The AI Advantage: Enhancing Nursing Practice through Technology

Ashley DeMakis is an Assistant Professor of Nursing at Minot State University. She graduated from UND College of Nursing in 2001 and worked as a nurse at Altru and Trinity. While working in Clinical Informatics she found her love for teaching. She then went on to the University of Phoenix and received her Master's in Nursing Administration in 2019. Ashley has worked as an Assistant Professor of nursing since graduating with her Master's.

Ashley is actively involved in the Omicron Tau Chapter of Sigma Theta Tau International where she has served as president, secretary, Board member at large, Newsletter editor, and the leadership succession committee. She is currently on the Education committee and is a delegate for Omicron Tau where she went to the Biennial Sigma convention in San Antonio, Texas in November 2023. Ashley is also a member of the North Dakota Nurses Association and serves as the Director of Education and Practice and is also on the NDNA Membership Task Force committee.
