

## **New Hampshire Nurses' Association 2024 Awards Program**

The New Hampshire Nurses' Association Awards Program provides a prestigious opportunity to recognize outstanding performance by Registered Nurses as well as exceptional support on the part of others regarding the profession of nursing. Award recipients are selected based on nominations submitted to the NHNA Commission on Nursing Practice and are approved by the Board of Directors. It is expected that all nominations will include evidence of how the nominee (individual or group) demonstrates the **core values** of the New Hampshire Nurses' Association, including:

- Caring
- Integrity
- Excellence
- Diversity, Inclusivity, Equality, Belonging

Nominations may be submitted only by NHNA members. NHNA membership for the nominee is encouraged but is not required to be eligible for nomination.

This year, we will present these awards in conjunction with the NHNA Annual Member meeting, including the following:

- **Champion of Nursing Award** (This is a non-nurse recipient presented to an individual, group, or organization)
- **Rising Star Award** (This recipient is a nurse with 5 or less years in nursing practice)
- **Hall of Fame Award** (This recipient is recognized as having a distinguished, life-long commitment and leadership of New Hampshire nurses)

Please click on one of the links to review the award criteria for potential award candidates as well as the nomination form. Nominations must be submitted by September 1, 2024. Award winners will be announced at the NHNA Annual Meeting to be held September 24, 2024.
