

HealthImpact DAISY Nurse Leader Award for Advancing Compassion Through Policy

In 2020, the DAISY Foundation partnered with HealthImpact to create an award to honor nurses whose work advances compassionate care in policy.

Registered Nurses with any degree who have demonstrated work in policy, whether it is in their job description or done externally, are eligible to be nominated for this recognition. Policies that affect local, regional, national, or global populations through legislation, checklists, guidelines, regulations, standards of practice, etc. will be considered.

Honorees will be chosen by a panel of reviewers whose expertise is relevant to advancing compassionate care in policy.
