Standards for Integrity and Independence

The provider will collect information from all individuals in a position to control content regarding financial relationships with ineligible companies, analyze the data for relevant financial relationships related to the educational content; and mitigate relevant financial relationships. The results of this analysis will be reported in the course presentation materials on the required handout.

MNDKSPAN is going green. Handouts will not be provided at the conference. Handouts will be made available to download from the MNDKSPAN website prior to the event. There will be wi-fi available at the conference. Please bring a pen and pad of paper if you would like to take notes.
