Seminar Series**

DON'T SCRATCH: A PRACTICAL APPROACH TO MANAGE COMMON RASHES IN THE SCHOOL SETTING

Join Dr. Green, a physician within the Penn State Health Dermatology Department, for a virtual webinar on common childhood rashes found in schools. This session will allow participants to:

- Identify the most common rashes among school age children.
- Learn to distinguish concerning rashes from those that do not require urgent management.
- Understand basic management of common, non-urgent rashes.
